

A line drawing of a rugged, rectangular device, likely a mobile computer or PDA. The device has a large screen on the top half and a keyboard area on the bottom half. A yellow rectangular label with the text "Label Location" is placed on the screen. The device features a handle on the right side and a latch mechanism. The text "Networkfleet" is visible on the bottom edge of the screen, and "verizon" is visible on the bottom edge of the device.
